

Certification Catalog

Join a growing community of professionals earning o9 Academy Certifications. These Certifications are intended for o9 Clients and Partners, as well as practitioners interested in advancing a career in Supply Chain. Earning these certifications is a way to validate proficiency and differentiate yourself from your peers.

Why pursue Certification at o9 Academy?

Certifications are the credentials that recognize and validate one's knowledge and expertise.

These programs involve a specific period of education and training. When the period of the certificate program ends, you get a certificate of completion.

- The curriculum of these courses is designed in such a way that it caters to different levels, i.e., beginners, intermediate, and advance level.
- These courses provide in-depth knowledge of Supply Chain Management, Supply Planning, & Demand Planning related concepts needed to perform a task efficiently.
- These courses are role (Functional & Technology) focussed and provide a wide range of skills to an individual, so that he/she can perform well when dealing with complex projects, customers, and multiplatform environment.

Members of our alliance partners are entitled to discounts.

How do I participate?

All assessments are on-demand timed assessments taken at the learner's convenience. After completing the purchase of a subscription to o9 Academy, you may login to the LMS from any computer and take the assessment as your schedule allows.

What does my purchase include?

Subscription to o9 Academy includes 3 months access to all the courses you have chosen as per your Learning Path. Your purchase includes the certification fees as well.

What to do after certification?

Add o9 certification badge to your LinkedIn profile, Facebook page, or Twitter account to validate your expertise. Stay up-to-date with the continuously evolving technologies by recertifying and keeping your knowledge updated.

Contact o9training@o9solutions.com for any queries.
